

# Sir Graham Bright

Election statement:

**Sir Graham BRIGHT**

**CONSERVATIVE Candidate for Cambridgeshire and Peterborough**

**– on YOUR side – experience counts.**

(The Conservative Party Candidate)

I bring decades of public service experience, as a former MP and councillor. I now offer my experience and knowledge to help steer the Cambridgeshire Police through the challenges ahead.

**Force Area:**  
Cambridgeshire

I'll bring policing in Cambridgeshire and Peterborough closer to all of us who live here, making the police genuinely accountable to the local communities they serve.

## **MY PRIORITIES – FIGHTING FOR WHAT REALLY MATTERS**

- **Meeting local needs.** I will make sure that the police focus on the individual needs of each community, whether road safety initiatives or tackling house burglaries, anti-social behaviour, attacks on business premises or rural crime such as farm thefts.
- **Value for money.** Effective and value for money policing with no extra burden on our Council Tax.
- **Co-operation with neighbouring forces.** I will ensure improved efficiencies and cost reductions by more co-operation with neighbouring forces, including combating organised crime which often crosses force borders.
- **An influential voice.** I will be visible and vocal in the public debate about crime and policing, fighting for what really matters to the people of Cambridgeshire – less crime and more effective policing.
- **Partnership and co-operation.** I will champion local initiatives between the police, the county council, district and parish councils, the voluntary sector and all those working to reduce crime and build safer communities.
- **Prompt and professional policing.** I will give priority to front line and visible policing and ensure the police respond quickly and professionally – including a better and faster response to all phone calls, not just 999.
- **Personally accountable.** I pledge to be approachable and personally accountable to the public, whom I will serve without fear or favour.
